ZHONGSHAN YONGAN STREET LIGHTING CO.LTD

Zhongshan Yongan Street Lighting Co., Ltd. founded in 1999, located in Guzhen Town- China Lighting Center, Guangdong Province. The company covers an area of 3000 square meters showroom and has a modern standard plant of 100000 square meters in Henglan Town. We are manufacturer specializing in outdoor lightings, multi-type products and industries and integrating development, production and Sales .

The source motive of our company is "Innovation as Core Competitiveness" . Over the years, we constantly optimized products and integrated advanced technological elements and improved the market competitiveness of our products. By appointing designers to go to developed countries to learn and inviting related experts for guidance, the styles of our products, with unique appearance, nice lighting effect and top quality, fully meet different cultural demands in different regions. Through communication with users and feedback from sales personnel, we constantly make innovation to our products and production technology, to forge the world class lighting brand. By enriching product types, we developed many energy saving products, such as high light LED flood light , electrodeless, solar power road lamps, wind power road lamps, etc.

Our products are widely applied to municipal public projects, property development areas, garden landscapes, leisure places, etc., building beautiful environments for people and confirming the slogan of "Good Lamp, Good Environment" . We have developed over 800 types of products with patent applications and design patents. Our products are warmly received all over the world. We are developing toward the "World Brand" .

In the management philosophy of "People Oriented" , we stress on the training to workers and employees to be professional etc.

YONGAN LIGHTING

COMPANY PROFILE

Zhongshan Yongan Street Lighting Co. Ltd. is located in "the China Lighting City" --- Guzhen Town since 1990. After about 30 years of development, the company covers a 3000 m² showroom, an area over 100000 m², spacious, comfortable industrial parks and advanced production equipment. Now, Yongan lighting has been a professional manufacturer of high quality outdoor lighting, especially in LED (solar) street light, LED (solar) flood light, LED high bay light, led garden light and so on. Strong technology force, new design, unique style and high quality, Yongan products is best choice for you.

Yongan products are widely applied to municipal public projects, property development areas, garden landscapes, leisure places, etc., building beautiful environments for people, confirming the slogan of "Good Lamp, Good Environment". The products is also popular at the domestic market, as well as in Southeast Asia, Europe, America, Africa and so on.

Focusing on quality and service, Yongan lighting has passed the quality inspection for Export by China Commodity Quality Inspection Bureau, CCC, CE, ISO9001-2000 certifications and so on.

High quality products and service have won us a good reputation all over the world. Yongan lighting is developing toward the "World Brand". We are looking forward to cooperating with you for mutual benefit.

LED Solar Street Light

LED Street Light

LED Flood Light

LED High Bay Light

Solar street lamp is powered by crystalline silicon solar battery, free of maintenance, valve-controlled sealed battery (gel battery) to store electrical energy, ultra-bright LED lamps are used as the light source, and controlled by intelligent charge-discharge controller, which is used to replace traditional public power lighting street lamp.

Application scope:

It is widely used in highway, main road, branch road, park, square, garden road, pedestrian street, parking lot, street, community, factory, school, all kinds of residential area, courtyard and other road lighting.

Product features:

Green environmental protection: free from harmful metal elements such as mercury and lead, free from red ultraviolet light and pollution;The aluminum base plate inside the lamp body is thick and has good heat dissipation, which ensures the long life of the lamp, up to 30,000 hours.
